

Dance Activity
2nd Grade
Geography - The World Around Us

Dance

Competency Goal 2: The learner will understand choreographic principles, processes, and structures.

2.02 - Demonstrate patterns in dance

2.03 - Demonstrate that dance has a beginning, middle, and end.

2.04 - Improvise movement based on own ideas and ideas from other sources.

Social Studies

Competency Goal 5: The learner will understand the relationship between people and geography in various communities.

5.02 - Describe the role of a geographer and apply geographic tools, such as maps, globes, compasses and photographs, in the understanding of locations and characteristics of places and regions.

Activity

Students will be asked to think about the different geographic tools that we have studied such as compasses, maps, globes, etc. Working in small groups, they will be asked to find a song on the computer and create a dance about how that tool works or how someone would use it. The dance should include a beginning, middle, and end.
